

11/3/20 – 11/11/20 CLOSURE *No online learning on 11/11/20, Veteran's Day.

Student Attendance for students who are regularly in-person and are now online due to the closure, please follow these directions: Students are to log in and access their class and assignments through CANVAS. The link for CANVAS can be found under the Family Hub tab located in the gray bar near the top of our school website: www.butlertec.us. Attendance will be monitored by your teacher by viewing your access to your program in CANVAS. Students are to log in for class during their regularly scheduled session time at BCAVTS. All students need to be logged in to their class no later than 1:45 PM each day in order to be counted as present for that day.

Students Attendance for students who have been participating in remote learning prior to the school closure, please continue to follow these directions: Students will continue to log in and complete their daily attendance assignment under their attendance course for their attendance record.

If you have any questions or are having difficulty with CANVAS, we are here to help! Please email beatriceb@butlertec.us. Thank you!
